Focus fabric – 27” X 42” (¾ yard)
Contrasting Cuff fabric – 11” (11” X 42”)
Accent Trim fabric – 1 ¼” x 42”

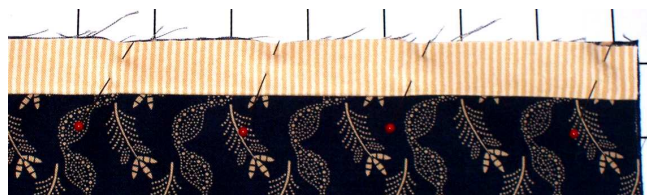

1. Fold and press accent trim in half with wrong sides together.

2. Place cuff fabric right side up with raw edges at top and bottom with the selvages at sides.
3. On top of cuff fabric, place focus fabric right side up.
4. Now place folded accent trim on top of focus fabric lining up all raw edges.

5. Pin all layers together.

6. Sew with a scant $\frac{1}{4}$ " seam.

7. Trim selvedge edges so they are even.

8. Next lay your sewn pillowcase fabrics flat on table in front of you with sewn edge at top.

9. Roll the bottom of focus fabric to top within a few inches of sewn edges.

10. Now take the bottom of cuff fabric and line it up with the raw edges at top. Pin and sew with a $\frac{1}{2}$ " seam.

Are you wondering what you are doing and how this will turn into a pillowcase? I promise it will work! ☺

11. Reach your hand into roll and turn it right side out. Ta Da! It's starting to look like a pillowcase isn't it?

12. Press pillowcase. Pin being careful to match your accent trim. Sew wrong sides together with a scant 1/4" seam.

13. Turn wrong side out, press again and sew with a 1/2" seam. Turn one last time and press.

Congratulations on finishing your pillowcase. ☺
